

Espay Solar Energy S.L.

200kWh Foldable Container for Wastewater Treatment Plants

Overview

Suitable for both municipal and industrial wastewater, they can handle projects of any size, treating wastewater from 50 to 20,000 people for sewage, or 1m³/hr to 250m³/hr for industrial wastewater. The system can achieve any required effluent quality for discharge, reuse. The ClearFox® Containerized System is a packaged wastewater treatment plant, custom designed and pre-installed within ISO shipping containers. As a modular solution, it is easily transportable by land or sea, with minimal onsite installation required. They are ideal for remote locations, emergency response, or temporary needs, providing flexibility and convenience without compromising on treatment quality. We offer a variety of capacities that can meet your requirements. Mobility, durability, and protection are all important features that we make sure to incorporate within our mobile water treatment systems, which also helps reduce long-term costs.
