Are photovoltaic panels allowed

Overview

Technically, no state outlaws or bans solar panels; quite the opposite. Most states have solar access laws that forbid any agreement, covenant, condition, bylaw, or contract that outlaws or limits solar installations by Homeowners Associations (HOA) or other municipal bodies. Understanding these regulations before installing solar panels ensures compliance, maximizes financial. Home solar panels have a ton of benefits: lower energy bills and higher property value for you and cleaner energy that reduces pollution for everyone. Luckily, many states have passed. In 2011, California adopted a Renewable Portfolio Standard (RPS) requiring that at least one-third of the state's electricity come from clean energy sources by 2020.
