

Espay Solar Energy S.L.

Automatic mobile photovoltaic support

Overview

A cutting-edge mobile energy platform combining solar power, shore-power, and generator-based backup in one self-contained unit. SELS' Mobile Power Units are a rugged solution for demanding site requirements including security lighting, surveillance, communications, and miscellaneous power needs. Zero upkeep or maintenance costs required making SELS' power towers the ideal solution for temporary or long-term deployment. This robust system ensures consistent, mission-critical power in any location. We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ever.
