Battery cabinet storage warning sign

Overview

In battery storage areas, the Warning Battery Room Contains Lead-Acid Sign is a crucial safety marker. Battery Labels: These labels are perfect for marking individual batteries, ensuring that everyone handles them with the care they require. Properly marking battery storage areas not only provides helpful guidance for workers, but can also warn them of precautions they should take before entering the storage area. The impact of improper, insufficient or lack of safety signs could result in: physical harm to employees, fines, or potential litigation. Price and other details may vary based on product size and color. Need help?

. NFPA 1 Chapter 52.
