

Espay Solar Energy S.L.

Costa Rica specializes in solar air conditioning

Overview

Net Zero provides solutions for efficient energy use and generation with solar systems in 3 areas: air conditioning, water heating and lighting. Our goal is to deliver clean and renewable energy to our clients' homes to reduce energy costs while promoting a better future! We provide specialized solar services and high-quality products targeting the local expat communities here in Costa Rica. We're ready to help customize a Costa Rica solar system to meet your individual needs. From solar system design (including on-grid, off-grid and water delivery), installation of solar panels, integrators of solutions in the field of electrical engineering, LED lighting, and air conditioners. We are a group of North Americans and Costa Ricans who are working together to provide cost-effective, high-quality solar energy solutions throughout all of Costa Rica.
