Customized Constant Temperature and Humidity Communication Power Supply Racks

Overview

Our advanced rack PDU solutions meet even the most demanding power requirements with customizable form factor, breaker count, outlet type, and more: Choose your next high-density power rack PDU with our easy-to-use product selector. ICEcube delivers industry-leading NEMA Cabinets and Racks designed to safeguard critical rack-mount equipment and batteries. With advanced environmental barrier control and durable construction, our climate-controlled cabinets provide protection against heat, dust, water, and environmental. EIC's Protector™ Series Electronic Enclosures feature a complete line of enclosures built to NEMA specifications in wall-mount, workstation, rack and custom configurations. Cabinets are available in NEMA 12/4 & 4X configurations and can be equipped with a companion cooling system for complete. APX offers custom designed power supplies and in-house tooling resources for your unique needs. We can be your source for the unusual, whether one or more modifications to a standard power supply or a complete ground-up new custom design for your application. PDU color-coding customization options include strategically placed color labels along the front side of the PDU and full-color chassis options with color visible along.

Customized Constant Temperature and Humidity Communication Po
