

**Espay Solar Energy S.L.**

# **Customized flat-plate solar panels for self-built houses in Senegal**

## Overview

---

Yes, we manufacture flexible or curved custom solar panels that can conform to non-flat surfaces, making them ideal for certain architectural designs or vehicle applications. Whether it's a rooftop, carport, or unique structure, our panels are adaptable to any surface. With multiple mounting options and seamless architectural integration, we ensure your system not. As a customized solar panels solution provider and high efficiency solar panel manufacturer, we work closely with our clients from the initial stage of product development, to providing technical support and optimized solar panel design options, and meeting the specific needs of each and every one. Trust SunWize to deliver expertly engineered custom solar modules for your portable industrial and electronic applications. This personalized solar design helps you to make an informed, unbiased decision to find the best solar power system at the lowest cost. Understand your options for residential or commercial modules.
