

Espay Solar Energy S.L.

Explosion-proof axial flow fan with energy storage box

Overview

The AXC-EX is suitable for operation in temperatures between -20°C and 60°C and has explosion proof marking: II 2G Ex h IIB+H2 T4 Gb. AXC-EX fans are certified under the no TPS 21 ATEX 085751 0010 X. Check each product page for other buying options. Explosion proof fans and blowers are designed for industrial environments where safety is paramount, such as oil refineries, chemical plants, and grain storage facilities. This series of ventilators is designed based on the three-dimensional flow theory of impellers, with meticulously engineered test data to ensure excellent aerodynamic performance.

Explosion-proof axial flow fan with energy storage box

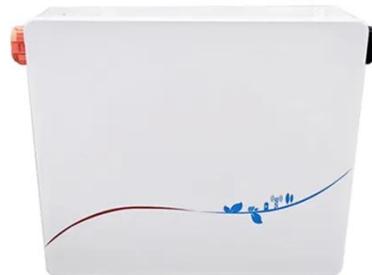

Shop Explosion Proof Fans & Blowers
