

Espay Solar Energy S.L.

Finnish home solar panels

Overview

Read about solar power production, its costs and environmental effects and the project development of the solar power plant. Many Finns are already familiar with solar power: solar panels can be found on the roofs of many homes, summer cottages and workplaces. Contact Us Hanki aurinkopaneelit kotiin ja nauti säästöistä heti ensimmäisestä vuodesta! Aurinkopaneelit maksavat itsensä takaisin 8-15 vuodessa, ja niiden käyttöikä on 30-40 vuotta, mikä tarkoittaa yli kahden vuosikymmenen puhdasta. Aurinkotekniikka independently sells solar power plants, which enables them to handle sales, customer service, and product management tasks. Our Finnish-made solar panels are manufactured by Salo Tech Oy. At Finnish Renewables, we're committed to driving the transition to a cleaner, more sustainable world through solar and wind energy. We design and deliver reliable, high-performance. Solar panels are always a cost effective way to reduce your electricity bill and increase your self-sufficiency.
