

Espay Solar Energy S.L.

Georgia Microgrid Energy Storage System

Overview

Located near Macon, this 200-megawatt (MW) grid-scale battery energy storage system (BESS) is a cornerstone of the company's strategy to enhance grid reliability and meet the state's evolving energy demands. The BESS projects were authorized by the Georgia Public Service Commission (PSC) through. The Tech Square Advanced Microgrid is a Georgia Power Company project for Georgia Tech's CODA marquee development in midtown Atlanta. Serving the CODA's High Power Computing Center (HPCC) is a first-of-its-kind urban microgrid, that has been optimized to fit into a confined site footprint. The project was selected through competitive processes resulting from the 2023 Integrated Resource Plan (IRP) Update and was.
