

Espay Solar Energy S.L.

High quality 220 gfcı breaker in Estonia

Overview

Shop our ground fault (GFCI / GFI) circuit breakers, or Residual Current Device (RCD), which offer GFCI protection by shutting off electric power when they sense an imbalance between the outgoing and incoming current. When it comes to safety and reliability in electrical systems, I trust the 220 GFCI breaker from Jubang Group Co. This certification-ready product meets CE standards, ensuring quality and performance that you can count on. These circuit breakers have an over center, trip free toggle mechanism with quick make, quick break action and positive handle indication. They also have VisiTrip. Which Eaton breaker is right for you?
