How much does it cost to install an electric box for photovoltaic panels

Overview

For a straightforward installation of a single standard box in an accessible location, homeowners often see \$120-\$260. Projects involving new or upgraded circuits, larger panels, or difficult access commonly run \$800-\$1,600, with high-end setups surpassing \$3,000 in some. NLR analyzes the total costs associated with installing photovoltaic (PV) systems for residential rooftop, commercial rooftop, and utility-scale ground-mount systems. This work has grown to include cost models for solar-plus-storage systems. Cost and price details focus on realistic estimates. In January 2026 the estimated cost to Install an Electrical Service Panel starts at \$1,305 - \$1,581 per panel. Set Project Zip Code Enter the Zip. Solar panels cost about \$30,500 on average—but often pay for themselves several times over through 25-30 years of electricity savings. Most homes require electrical panels with amperage between 100 and 200 amps.
