Inverter DC contactor

Inverter DC contactor

Inverter contactor

Find your inverter contactor easily amongst the 8 products from the leading brands (Sensata, BSB, Tianshui 213,) on DirectIndustry, the industry specialist for your professional purchases.

Contactors for DC switching

Contactors are typically selected for applications that need remote control and switching of the central inverter's DC side at least once per day. Application examples include: disconnection of ...

Power contactors Series CU in central inverters

What task do the CU contactors perform in the inverter? CU series power contactors have been specially developed for solar power systems. The double pole design ensures all-pole disconnection ...

Contactors for DC switching , Motor

protection and control , ABB

GF, GAF and GA contactors are specifically designed for switching DC circuits up to 1500 V. Thanks to the efficient breaking of DC circuits, the product range is one of the most compact on the market for ...

To Strive forward No Energy Waste

- ✓ All in one
- ✓ 100~215kWh High-capacity
- ✓ Intelligent Integration

IMO Solar DC Contactors , FactoryMation

IMO's DC Contactors are designed for switching DC circuits. Applications requiring DC switching include a wide range of industries including Photovoltaic (PV) systems, rail transportation, power distribution, ...

DC Modular Contactor Manufacturer , Solar & EV Ready

LETOP contactors are built to withstand the unique demands of DC environments, offering a modular approach to integration with systems such as solar inverters, battery chargers, and ...

HX Series Contactors

Sensata Technologies' HX series high voltage DC contactors are ideal for inverter systems, battery packs, and

combiner boxes in solar or wind power systems.

GF contactors for DC switching

GF contactors allow remote and energy efficient switching in DC applications. By bringing contactor switching capabilities to 1500 V DC there are now additional options for PV inverter manufacturers to

...

DC Contactors , High Voltage DC Contactor , TE ...

Our DC contactors are small and lightweight and are designed to provide efficient switching in aerospace, commercial, and military electrical power systems.

HX360 Series Contactors , Sensata Technologies

Designed for photovoltaic/battery inverters, battery pack designers, DC combiner boxes, and HVDC industrial drive systems, our contactor ensures

optimal performance and safety.
