Ireland professional solar container system prices

Support Customized Product

Overview

On average, the expenses are as follows: Small Terraced House: Approximately €4,800 for a 1.76 kWp system comprising 4 panels. All packages include full supply and professional installation. You may claim a €1,800 SEAI grant following completion. Each additional panel can be added for €200. We manage every aspect for you, from the initial consultation through to the SEAI grant application — ensuring you receive the maximum benefit with minimal hassle. Final cost may vary. With solar energy, your savings will depend on your energy usage and the size of your system. For the Starter Solar Package, homeowners typically save €900–€1,200 annually. With the Standard and Premium Packages, savings can be as high as €1,400–€2,600 per year, depending on the system size and how. Solar panel costs in Ireland vary depending on the type of house, ranging from €6,000 for a two-bedroom terraced house to €18,000 for a six-bedroom stand-alone property.
