Is it illegal to use solar power privately

Overview

Technically, no state outlaws or bans solar panels; quite the opposite. Most states have solar access laws that forbid any agreement, covenant, condition, bylaw, or contract that outlaws or limits solar installations by Homeowners Associations (HOA) or other municipal bodies. Often, the laws let. The good news is that you have a legal right to make energy from the sun without unreasonable interference from the utility or the government. A 2015 scholarly article published in the Energy Law Journal outlines these legal rights in detail. While federal guidelines provide a baseline, local jurisdictions often implement additional requirements affecting everything from permit costs to HOA. Solar access laws are designed to protect the rights of homeowners to harness solar energy.
