

**Espay Solar Energy S.L.**

# **Off-grid Containerized Photovoltaic Containers for Australian Islands**

## Overview

---

Browse our range of containerised off grid systems for commercial sites. Power where the grid can't go — delivered in a single, rugged container. MyEnergy designs and builds turnkey off-grid systems inside 10-, 20- or 40-foot containers, pre-wired, factory-tested and ready to run the moment they land on site. AVID's solar design, installation, commissioning and monitoring services are operated by our teams of skilled engineers and qualified electricians. The solar array is mounted directly onto the container, and can provide both off-grid and grid-tied functionality, with all necessary equipment to ensure safe and. Our mission is to provide cutting-edge, off-grid solutions for both offices and homes using shipping containers as a versatile and eco-friendly building block.

## Off-grid Containerized Photovoltaic Containers for Australian Islands

---

### 8.7kW Offgrid Solar Container
