

Espay Solar Energy S.L.

Photovoltaic bracket Z type solar energy

Overview

The Z-Type Photovoltaic Solar Mounting Bracket which is the ultimate solution for supporting solar panels. Our profile Z are made from zinc-aluminum-magnesium steel, a highly durable material with excellent corrosion resistance making it ideal for outdoor use. Great for many roof applications all Hardware is provided which is nice. Although lightweight they are flimsy and bend easily. It would have also been nice to include washers for the bolt since it hardly holds. These units are ideal for installation on RV roofs and non-inhabited dwellings such as sheds or garages.
