# **Rent a rooftop to install solar panels**

## Overview

---

When installing solar panels through a solar lease, the solar company will put solar panels on your roof that will generate electricity for your home to use. Solar developers who offer these rentals typically handle the installation, maintenance, and repair costs of the solar panels at no upfront cost to the property owner. In return, these companies often offer a. The first step to renting your rooftop for solar is finding an established, experienced solar developer to handle the project.
