

Espay Solar Energy S.L.

Res scottish power renewables

Overview

UK-based renewables developer RES has made a planning submission with the Scottish Government's Energy Consents Unit (ECU) for a 14-turbine onshore wind farm in Scotland which will be capable of powering more than 115,000 homes annually when operational. This three-year contract to provide O&M for the 17MW site consisting of 13 Siemens turbines. ScottishPower Renewables and Peel Ports Group are set to invest over £10 million in The Port of East Anglia in Great Yarmouth to support the construction of ScottishPower's £4 billion East Anglia TWO windfarm. ScottishPower Renewables is part of the Iberdrola group, one of the world's largest. The world's largest independent renewable energy company, RES, has been appointed by ScottishPower Renewables to deliver operations and management (O&M) services for Callagheen Windfarm, situated in County Fermanagh, Northern Ireland. Like our business, we're truly global - but proudly local. Find contact and location details for every RES office. By ensuring all areas of.
