

**Espay Solar Energy S.L.**

# **Residents oppose construction of communication base stations and hybrid energy**

## Overview

---

We, the undersigned, residents of [Your Community Name], strongly oppose the construction of the proposed cell tower at [specific location or address]. We believe that this project will pose significant impacts that must be addressed before any further development proceeds. While the deployment of energy storage systems across the U. has grown dramatically in the U. in recent years, they are facing resistance in some communities where residents have voiced concerns over the risk of energy storage system fires and the amount of space required to install storage. Trump Administration actions to scale back renewable energy capture headlines, but citizens are also pushing back.

## Residents oppose construction of communication base stations and

---

### Communication base station
