

Espay Solar Energy S.L.

Rural solar power generation payment 10 000

Overview

It provides financial assistance to farmers and rural small businesses who want to install renewable energy systems, including solar panels for farms. In 2025, eligible applicants can receive up to 50 percent of the total system cost through this grant. The Agency is not accepting REAP grant applications at this time. Combined funding may cover up to 75% of a project's cost, creating valuable opportunities for rural small. Solar panels can reduce your electric bill and reliance on nonrenewable energy. You can use the energy produced by your solar system in the place of electricity from the grid, and any surplus energy can be sold through solar energy programs.
