

Espay Solar Energy S.L.

Solar container battery storage factory in Kenya

Overview

Complete rooftop and ground-mounted solar installations for residential, commercial, and industrial applications across Kenya and East Africa. We integrate world-leading technology and engineering to build resilient, client-focused systems. Their commitment to sustainable energy solutions is highlighted through their Chloride Solar division, which offers both solar grid-tie and off-grid systems. East Africa's BESS containers are more than just energy storage solutions, they are integral components for efficient, reliable, and sustainable energy management. Both our container system and container expansions are often utilised in camping and glamping sites, construction sites, remote. Kenya is rapidly emerging as one of Africa's leading renewable energy markets, driven by government initiatives and growing demand for solar battery storage and off-grid solutions.
