

Espay Solar Energy S.L.

Solar container outdoor power connected to home grid

Overview

If you're looking for the simplest and easiest way to build a reliable, high quality off-grid solar system that can power a container or tiny house, you've come to the right place. This is a detailed walk-through of the planning and installation of our 3kW - 5kWH - 120V off-grid solar system. Solar energy containers encapsulate cutting-edge. Choosing to live off-grid in a container home isn't just an alternative lifestyle — it's a calculated decision of energy independence, sustainable living, and long-term economic strategy. The on-site installation is undertaken by the Off-Grid Installer team and after all clients are included in the online remote monitoring service. Our family of 6 spent many years traveling full-time in our renovated vintage.
