

Espay Solar Energy S.L.

Solar glass in Northwest Mauritius

Overview

This article explores the strategic business case for establishing a solar module assembly plant in Mauritius, focusing on the powerful trade agreements that make it such a unique export gateway. With a deep commitment to our craft, we believe our Sunblocking UV Filter Films — widely recognized as solar film, UV window film, or solar control window film — represent the pinnacle of solar protection technology within the realm of sustainable construction, ensuring your living space remains. I-Tint (Mauritius) is a Mauritius based company and is still delivering quality solar control films since 2015. We are a proud partner and dealer of Llummar Window Films, USA. Window films will cut down glare, solar heat, harmful UV rays and at the same time enhancing your house, building or office. Mauritius, an island nation in the Indian Ocean, is a prime example of this model. It offers a stable, business-friendly environment and unparalleled, duty-free access to both African and European markets.
