

**Espay Solar Energy S.L.**

# **South African Folding Container Mobile Type for Steel Plants**

## Overview

---

Transpack containers, also known as trans-pack or Transpack containers, are collapsible containers made of rolled steel frames and insulated panels. This construction gives them the strength and durability you need, while also making them visually appealing. At NextGen Modular, we deliver smart, scalable, and sustainable modular building solutions across Sub-Saharan Africa and beyond. Whether you need temporary office space, secure storage, or a mobile workshop, MOCON's modular containers are designed to meet your. Containerized mobile foldable solar panels are an innovative solar power generation solution that combines the mobility of containers with the portability of foldable solar panels, providing flexible and efficient power support for a variety of application scenarios. We provide rentals across South Africa and sales locally and internationally, delivering solutions tailored to every project. Offices. Welcome to Conex Group Pty Ltd. However large or small your requirement our experienced.
