What are the outdoor wireless base station products

Overview

Browse the Outdoor Radio Base Stations line and find quality equipment for professional wireless connections. With its centralized management platform and high degree of flexibility, it is the ideal choice for providing point-to-point. Drawing from 85 years of innovation, ANDREW's HELIAX ® portfolio has evolved to address the latest outdoor wireless connectivity challenges. It is the world's first black technology for automatic pairing when the bridge is powered on. There is no need to dial codes or enter the background. Where to buy?

. This product is based on the advanced multi-core ARM and FPGA scheme, and adopts the integrated design of 5G BBU and RRU to realize the complete 5G NR wireless access network function, which can quickly and quickly establish a 5G wireless network with large bandwidth, low delay and high reliability.
